March 9, 2020

Dear UCLA Faculty Center Community,

As concern grows about the Coronavirus, we want you to know that the Faculty Center is open and focused on the safety of our members and staff. Public programs and events planned throughout March are proceeding as scheduled. If changes occur, we will make updates to our website.

We sanitize our public spaces and all frequently touched surfaces on an ongoing basis. You can help by following the prevention and treatment guidelines of the Centers for Disease Control and Prevention (https://www.cdc.gov/coronavirus/2019-ncov/index.html). If you or anyone in your household is feeling sick, please consider a visit to the Faculty Center at a future time. Be especially cautious if you are in a high risk category (https://www.cdc.gov/coronavirus/2019-ncov/specific-groups/high-risk-complications.html).

For information about UCLA, go to the Bruin Safe Online site (http://bso.ucla.edu). The Los Angeles Department of Public Health (http://publichealth.lacounty.gov/media/Coronavirus/) is also a valuable resource.

We will continue to monitor the situation on a daily basis and will keep you informed of any changes.

Wishing all of us good health!

Julie Kwan
President, UCLA Faculty Center Association
